THEME COLOR

- We chose black, white, grey, and orange as our website theme because it creates a professional and modern look, ensures high contrast for readability, and balances functionality with energy. The neutral tones provide a clean design, while orange adds vibrancy and enthusiasm, making it perfect for a sports-related website.

FONT STYLE

- We selected Anton as our main font because of its bold and strong presence, ensuring clear readability while maintaining a sporty and dynamic feel. Its modern and professional design enhances the website's visual appeal, making it both engaging and easy to navigate.
